

# Protection Spells

### **3x3 Spell**

#### Needed:

- Black candle
- Small spool of cotton twine
- Lamp oil
- Deep dish
- Sand
- Athame

This spell is best performed outdoors during the third quarter of the moon.

Using the knife/athame, inscribe the name of the person, or word symbolizing the negative situation you are experiencing, near the bottom of the candle. Place the candle between your palms and breathe on the candle three times. With each breath, imagine you are exhaling the negativity you have received onto the candle. Take the cotton twine, and tie it around the base of the candle so that at least two feet of twine hangs from the knot. Begin tightly coiling the twine around the candle in a counter-clockwise direction. While doing so visualize a giant, protective, mirrored egg surrounding you and repeatedly chant:

*“Three time three, as ye have sown  
Is thine to reap, thy harvest grown.  
For best, for worst, for praise or chide,  
The Gods alone your fate decide!”*

Continue wrapping the candle with the twine until you have spiraled to the top, covering every bit of candle. Loop the twine, trying it in a knot to one of the coils at the top near the wick. Next, take the oil and liberally smear the twine and candle with it--cover every inch of the entwined candle. Pour the sand into the dish and then wedge the candle into the sand so that it stands erect, then light it on fire. Watch as the candle melts away, knowing that the magical attack has been deflected.

### **A Mirror Spell of Protection for the Home**

#### Needed:

- 12 inch round mirror
- 9 white candles
- Goddess image
- Protective incense

Compose an altar: place a censer in the center before an image of the Goddess. Have a twelve-inch (or so) round mirror there as well. Ring the altar with nine white candles. Burn a protective incense (such as sandalwood, frankincense, copal or rosemary) in the censer. Beginning with the candle most directly before the Goddess image, say these or similar words:

*“Lunar light protect me!”*

Repeat as you light each candle until all are glowing. Now, holding the mirror, invoke the Goddess in Her lunar aspect with these or similar words:

*“Great Goddess of the Lunar Light  
and Mistress of the Seas;  
Great Goddess of the Mystic Night  
and of the Mysteries;  
Within this place of candles bright  
and with Your mirror nigh;  
Protect me with Your awesome might  
while ill vibrations fly!”*

Standing before the altar, hold the mirror facing the candles so that it reflects their flames. Keeping the mirror toward the candles, move slowly, clockwise, around the altar, watching the reflected firelight bouncing off your surroundings.

Gradually increase your speed, mentally invoking the Goddess to protect you. Move faster and faster; watch the light shattering the air, cleansing it, burning away all negativity and all lines along which the ill energies have traveled into your home.

Charge your home with the protective light of the Goddess. Race around the candles until you've felt the atmosphere change, until you feel that your home has been cleansed and guarded by the Great Goddess.

When finished, stand once again before the image. Thank the Goddess in any words you wish. Pinch out the candles one by one, bind them together with white cord and store them in a safe place until (and if) you need to use them again for this same purpose.

### **A Spell to Bind Evil**

To use this spell you must be able to picture the evil you wish to bind within your head. It is very important to be able to see strands or bonds or knots that hold it together. Those are what you are going to release slowly. Do note that this spell can take a long time depending on the strength and complexity of the evil. You must imagine yourself undoing the knots or bonds and then say out loud as many times as needed:

*“I bind this evil from doing harm  
To those around us  
And itself  
I bind it to be free*

*But not harmful.”*

It is very **important** that you realize that you **must** do this slowly. If you do it quickly and try to overwhelm the evil it could overwhelm you or just manifest on it's evil on the energy you are giving out. If you plan to do this spell please be very careful and know that it is very draining.

### **A Spell to Break the Power of a Spell**

#### Needed:

- Large black candle
- Cauldron (or black bowl)
- Fresh water

If you believe that a spell has been cast against you, place a large black candle in a cauldron (or a large black bowl). The candle must be tall enough to extend a few inches above the cauldron's rim. Affix the candle to the bottom of the cauldron with warmed beeswax or the drippings of another black candle so that it will not tip over.

Fill the cauldron to the rim with fresh water, without wetting the candle's wick. An inch or two of the candle should remain above the water. Deep breathe, meditate, clear your mind, and light the candle. Visualize the suspected spell's power as residing within the candle's flame. Sit in quiet contemplation of the candle and visualize the power flowing and growing with the candle's flame (yes the power against you). As the candle burns down, its flame will eventually sputter and go out as it contacts the water. As soon as the flame has been extinguished by the water, the spell will be dispersed.

Break your visualization of the spell's power; see it explode into dust, becoming impotent.

Pour the water into a hole in the ground, a lake or stream. Bury the candle. It is done.

---

### **A Ward for a Ring**

#### Needed:

- Ring
- Stones
- Shell
- Water
- Salt

Place the ring in the North of the room you wish to cast the spell in. Place around it stones and symbols of earth. Take the ring and in a shell or crystal dish filled with water mix some salt in. Say over this:

*“Creature of earth, I beseech of thee. Protection from harm is what I wish for me. In to you this ring I place, bind the protection well and to evil give chase.”*

Leave the ring in overnight in the light of the full moon and in the morning wash the salt water off, clear everything away and wear it!

To remove the spell, place it in the south and say:  
*“With thanks for protection given I now wish this spell riven!”*

And leave it there overnight in a window during a new moon.

---

### **Amulet for Discernment**

#### Needed:

- Small amount of clay
- Sharp pencil or pen

Flatten the clay into a disk the size of a fifty-cent piece. Inscribe your initials on one side with the pen or pencil. Write the words Karma and the name of Spirit or your patron deity on the other side. Follow the instructions on the clay package -- some clays can air dry, others require baking -- to harden the clay. In a magick circle, cleanse, consecrate, and bless the amulet, asking that protection and wisdom surround you whenever you carry it in your pocket or purse. Follow this by saying:

*“I let go of time and space  
And connect with love and infinite grace  
The perfection of (God or Goddess).  
I join with Spirit  
I am part of the One!  
I conceive the form (intent)  
I remove error  
I accept success (intent)  
With the power of unlimited creativity  
My word is done.  
So mote it be.”*

---

### **Ancestor Water Protection Spell**

#### Needed:

- Clean glass
- Water

Simply take a clean glass and fill it half full with water. Hold the water in your hands, close your eyes, and ask Spirit to cleanse, consecrate, and bless the water. Ask your ancestors (by name or simply by ancestors) to protect you and your home. Change the

water every day, following the same steps as above.

---

### **Angel Trap**

#### **Needed:**

- A clean jar with a tight lid
- Soapy water
- Kosher salt
- Paint (black, red and yellow)
- Sealing wax
- A lighter or matches

The purpose of the angel trap is to capture and dissolve any 'angels' created on the astral by the fundamentalists to seek out and harass anyone that does not share their religious beliefs.

#### **Preparation:**

With your black paint, paint X's all around the middle of the jar. They don't have to be large to be effective. When that is dry, paint an X on the bottom of the jar. Let dry. The purpose of the X's is this: when the angels get trapped in the jar, they will look for a way out. There will be none. They will have no choice but to dissolve. They will also know never to bother you again for they will know what the consequences will be.

Pour the soapy water into the jar, swirl it around coating all sides. Pour the water back out.

Slowly pour the salt into the jar. Turn the jar at an angle to coat all sides.

While this is drying, paint the lid black. Let dry.

Next, take the lid and paint a pentagram on the top of it using the red paint. When that is dry, paint a spiral in the center of the pentagram using the yellow paint. Visualize this spiral as being a pathway into the center of the jar.

When the spiral is dry, carefully put the lid back on the jar making sure not to dislodge the salt.

Use the wax to seal the jar.

### **Angelic Charm to Break all Enchantments and Protect from Injury**

#### **Needed:**

- Phial of rose water

To work this charm, you need only sit with your cat in your bedchamber under the new moon, watching the stars. Have a little phial of rose water at your elbow, made holy by a blessing. Speak thus to the great angel Sophiel:

*“Shining Angel Sophiel  
Work for me this goodly spell,  
All glamour and evil enchantments break  
And guard me when I sleep and wake;  
Bless my friendship with this cat.  
May our hearts ne'er closeness lack.”*

Take the phial of rose-water and anoint your animal friend with three drops. The cat is likely to clean herself, which is a fortunate sign. Listen in your heart to the wisdom your friend will impart to you for you shall share many secrets, and she shall reveal unto you many things which you could learn from no other source.

---

### **Animal Spell for Protection**

#### Needed:

- Statue or plastic figure of your favorite animal
- Small amount of protection oil or holy water
- Red votive candle
- Bell
- Favorite incense
- Salt

Cast a magick circle and call the quarters. Carry the animal image around to each of the four quarters, asking for power, protection, and blessings from that quarter. Take the image to your altar and set the statue in the center. Light the incense and swirl the smoke around the image, saying:

*“Smoke is the prayer of fire. I cleanse and consecrate thee in the name of the Lord and Lady.”*

Light the red votive candle, and say:

*“Fire is the spark of life. I invoke protection, blessings, and power, and transfer this energy into (say the name of the animal).”*

Pass the candle over the statue. Sprinkle salt over the image and say:

*“Life is the gift of the gods.”*

Ring the bell three times over the statue, saying:

*“Sound is the voice of Spirit. I infuse this image with the blessings and protection of the Lord and Lady. May I be protected night and day.”*

Place the holy water or oil on the feet of the statue. Hold your hands over the statue and say nine times:

*“Smoke is the prayer of fire.*

*Fire is the spark of life.*

*Life is the gift of the gods.*

*Sound is the voice of Spirit.”*

After the ninth verse, solemnly say aloud exactly what the animal energy is to protect -- your room, the contents of your locker, ect, or you can be more specific, saying exactly what you want protected. Visualize the strength and power of the animal in your mind. When you are finished, say:

*“As I will, it shall be done.*

*Oil seals the spell.”*

Thank the collective energy, close the quarters and release the circle. Place the statue pointing toward the nearest door or outside window. If you must wait to place the statue, wrap it in black cloth for transport. When you set the image in place, repeat the words of the spell softly. Do not move the statue once you've chosen where it should stand. Renew every three months or sooner if there is a great deal of chaos where you have placed the statue.

The dead have arisen  
The hound's at your door  
The Horned Lord is coming to settle the score!  
Pester me not from the earth nor the sea  
I've locked you away and I'm tossing the key!"*

Place the cage on the pentacle plate. Put the picture of the stalker in the cage and cover with the Justice Powder. Place the tarot card facedown on the powder. Lock the cage. Thank deity, close the quarters and release the circle. Bury the cage off your property. Toss the key far away from your home and miles from the cage.

 Catch it up in darkness till  
 It's gobbled up by pure white light  
 Vanquished by the sigil bright  
 Kept from harming anyone

Consecrate the cauldron as follows. Sprinkle with salt water and recite:

*"In the name of the Lord and Lady I charge you to serve me within this circle. I clear you of all former influences and energies that you may be fit for the workings of Magick herein."*

Do the same with the candle.

On a piece of paper, write full name of person to be banished. Roll up and tie with black string. Sprinkle with salt water and recite:

*"Thou creature of paper.*

*By paper made, by paper changed.*

*Thou art not paper, but thou art negative influences in (person to be bound).*

*So mote it be!"*

Light the black candle.

Burn the paper in the candle, visualizing all negative power over you vanishing in the flames and rising out of your world with the smoke.

Sprinkle basil and garlic over the flames and recite:

*"Blazing force of cleansing fire*

*Help me in this rite.*

*By air and earth,*

*water and fire*

- 1 candle at each quarter (optional)

Call the quarters.

*“With harm to none, my will be done*

*I hereby bind you (name of person)*

*Your words cannot harm me*

*Your thoughts cannot harm me*

*You cannot harm me.”*

Continue chanting this or something like it until you feel power surging through you. Visualize the person helpless to slander or verbally and mentally abuse you while you are chanting.

If you have a sigil or a Craft name, sign it on the small piece of paper. If not, sign your own full name. If others are working the ritual with you, they too should sign the paper.

With the sterilized needle, prick one of your fingers and put a small drop of blood over your signature. Again, if others are working with you, they should place a drop of blood over their signatures, (using a different needle, of course), Fold the paper,

light it on fire and drop it into the cauldron (which should be on a heat-proof surface!).

Meditate on the flames until the paper completely burns away. If you are working with a group, join hands at this point and feel the power surging around the circle as the spell is bound.

Ground and center.

*Thou art s/he, between the worlds, in all the worlds,*

*So mote it be.”*

Hold the poppet and imagine it enmeshed in silver net, binding the person in

question.

Or know the meaning true of fear.  
Aloud, the cast is set in stone;  
No pleas recanting will atone.  
Silent caution be thy guide.  
Choose not these words to set aside.  
Invited shall the blessing be;  
Threefold thrice as three times three.  
In knowledge sought and wisdom gained

### **Car Protection Amulet**

#### Needed:

- 3 ½ ounces unsweetened applesauce
- 5 ½ ounces powdered cinnamon, cedar, or sandalwood
- Yarn or twine
- Toothpick or other inscribing instrument
- Rolling pin or straight sided glass
- Round cookie cutter or glass
- Dragon's blood ink and pen

#### The Method:

To make several car protection amulets, mix the applesauce and powdered incense together, until a thick dough is formed. (You might need a little more or less of both items.)

Roll the dough into a ball and then flatten it with your hand. Next, use the rolling pin to roll the dough into a half inch thickness.

Cut out the dough with a small cookie cutter, or use the rim of a glass.

Let it sit undisturbed for fifteen minutes or so to dry out slightly.

Inscribe the dough with the two symbols, one on each side. (Let it sit a few minutes before inscribing the flip side.)

Pierce the dough to make a hole for stringing.

Let the amulet sit undisturbed until it is completely dry.

Using Dragon's Blood Ink, trace the runes.

Allow to dry completely.

#### Consecrating:

Do your normal ritual preparation and start.

Lay the thoroughly dried (unstringed) amulet on your altar. Do a protection tool dedication as your tradition dictates. When you consecrate the amulet, pass one side (slowly) over the Goddess Candle, invoking her protection. Allow the soot from the

candle to darken the amulet.

Repeat for the flip side using the God candle.

Close out the ritual as your tradition dictates.

Use a soft cloth to wipe off the excess soot, allowing the soot to remain in the inscribed runes.

String the amulet. Hang it in your car.

---

### **Cat Protection**

Needed:

- Fur
- Red thread
- Canister
- Red wax

Take some fur of the cat (shed fur will do nicely). Tie fur into a bunch with some red thread (silk by preference, although cotton or even acrylic will do). Invoke the blessing of your patron deity. Place consecrated fur into a canister (the following is imperative!). The canister must be reflective on the outside, but not on the inside (If the canister is reflective on the inside, it will focus malicious intent on the cats!). Seal the canister with red wax (just a dab will do). Place canister next to cat's usual exit. Red is the color of protection, silk is an insulator, the reflective canister reflects malicious intent, the blessing is for extra whammy to the spell.

---

### **Charm Against Abuse**

Needed:

- Arrowhead
- Lavender

Rub an arrowhead with lavender, and carry it on your person to protect yourself from abusive situations.

---

### **Circle of Fire - Protection**

Needed:

- Candle
- Rue

Have you ever been momentarily overwhelmed by a feeling of hopelessness? Heed the warning and look to your enemies. A strong possibility exists that you have been ill-wished, "overlooked" as the elders would say. Witches are commonly blamed for

casting evil spells, but in truth very few indeed care to risk a Three-Fold Return. This conviction that a curse sent forth will return thrice to haunt you is a doctrine bred in the bone and one as old as the craft itself. Keep in mind that psychic attack is often the work of an amateur with latent power enlivened by envy or rage. Hate is a strong motivation and a sharp weapon. However, a malevolent thrust from the mind of a novice is over in a flash. An untrained will cannot sustain the proper degree of concentration needed to do real harm. Nonetheless, it is only wise to identify the perpetrator and protect yourself from further negativity.

Visit the ocean (or any free-flowing body of water) to fortify confidence with an ancient Irish pagan prayer.

*"I bind to myself this day  
The swiftness of the wind,  
The power of the sea,  
The hardness of the rocks,  
The endurance of the earth."*

Cense the air of your home to purify the space and comfort the spirit under siege. Frankincense and myrrh are incenses notable for driving away the forces of evil intent.

Of all the earth's herbal gifts, none affords more effective protection than rue, the "herb of grace". Hang a fresh bunch over your doorway and carry a dried sprig to shield against harm from the ill-wisher.

One of the simplest means to defeat psychic attack is the Circle of Fire.

In privacy and complete darkness, light a candle. Take a deep breath and stand as tall as you can. Face east and raise the candle high above your head for a moment. Bring the flame down to eye-level and hold it there while you turn slowly deosil three times. Concentrate your full attention on the blue of the flame as you rotate in place. Raising the candle high again, salute the east as you complete the final circle. This erects a barrier through which no evil thought can pass.

### **Create a Protection Amulet**

#### **Needed:**

- Small piece of amethyst
- Cedar incense and censor
- Purple candle
- White candle
- Blue candle

- Ballpoint pen
- Lavender oil
- Salt water

Moon Phase: Full

Begin making your amulet by washing the candles in cool salt water, drying them, and then placing them on the altar with your other supplies. Next, draw a magick circle of lavender-purple light, and call in the elemental powers. Then light the incense, dedicating it to a protective god or goddess.

Use the pen to inscribe the words “Protection From Darkness” on each of the candles, and then dress them by rubbing lavender oil on them. Place the candles in their holders on the altar in a triangular configuration. Rub three drops of oil over the amethyst, and then position the stone in the middle of the triangle. Wipe the oil off of your hands, and light the candles, dedicating each one to the protector god or goddess you have chosen to help you.

Next, face the altar and focus all of your attention on the amethyst stone. Merge with Oneness, and fill your mind with protective power. Imagine everything that means protection to you, for example, a locked door, a favorite god or goddess, your family, an energy shield, or a large dog.

Now pick up the stone, and holding it between your palms, use deep rhythmic breathing to breathe your feelings and thoughts of protection directly into the amethyst. See and sense your mind energy being absorbed by the stone. Merge with the stone, and say three times:

*“(God or Goddess), bestow into this stone,  
The power to repel all invaders,  
Protect me in waking and in dream  
Hear me now, so mote it be!”*

Put the stone back on the altar, in the middle of the candle triangle, and clap your hands three times. Allow the candles to safely burn down as you drift to sleep. In the morning, bid farewell to the elemental powers, and pull up the circle.

Carry your amethyst amulet on your person during the day, and at night put it inside your pillow case while you sleep. Each week, put three drops of lavender oil on your amulet to reinforce its protective powers.

### **Disenchantment Spell**

Needed:

- Black candle
- Water
- Black bowl

Place the candle into the black bowl, fix the candle to the bowl with the wax drippings from the candle so it stands alone. Fill the bowl to the rim with fresh water without wetting the wick. Breathe deeply and meditate for a couple of minutes. When your mind is clear, light the candle. Visualize the power of the spell cast against you as living within the candle's flame. As the candle burns down, it will sputter and go out as it touches the water. As it is extinguished by the water, the spell is broken. Finally, dig a hole into the ground, pour the water into it, then bury the candle.

Hold the empty box in your hands and say:

*"Holy Mother, I have made this box of mirrors to protect me from (list the person's name or names).*

*May the mirrors send back all negativity or energies I do not want."*

Close your eyes and imagine yourself surrounded with mirrors facing away from you.

Open your eyes, put your picture in the box, and say:

*"I put my picture in my box and ask Spirit to protect me."*

Close the box. Glue the snake on top of the box, right across the mirror, and say:

*"Don't tread on me!"*

Repeat this little chant as often as you feel necessary. The more times, the better.

Finish by saying:

*"With harm to none.*

*May all astrological correspondences be correct for this working, and may this spell*

*not reverse or place upon me any curse.  
So mote it be!"*

### **Dragon Protection Chant**

*"On wings of thunder, honor bound,  
Search me out, I drum the sound.  
Twist and turn in the night,  
Dragon come, my guiding light.  
Protector, guardian, friend not foe,  
Come to me, see my sigil glow.  
Strong and true, this friendship charm,

### **Dream Protection Spell**

#### Needed:

- 1 tablespoon of lemon juice (or another fruit juice)
- 1 tablespoon of sea salt
- 1 teaspoon of vegetable oil
- 1 light weight cauldron (a glass bowl works too)
- 1 piece of paper
- 1 black pen
- 2 black or red candles (1 of each works best)

Light both candles, left one first. Now close your eyes and visualize a sphere. In the middle of the sphere, visualize yourself stuck inside, trying to get out. See the black and red candles burning around you. Watch as the candles spin around you, getting faster each time they pass. Then see yourself magically being released. On one piece of paper, draw a picture of what you saw. On the other, write down your biggest fear. Light both pieces of paper on fire, using the black for the written half, red for the drawing. Then throw them into your cauldron. Take the cauldron outside and pour it (paper and all) into a hole in the ground.

Cover the hole with dirt. The spell is done.

### Dynamite Diana Spell

#### Needed:

- Black paint
- White paint
- 6 stones smaller than the palm of your hand
- Your picture
- Holy water
- Picture or statue of the Goddess
- Piece of white paper

In sacred space, paint five stones black and one white. As you paint, repeat the word "*Protection*". Allow to dry. Paint the rune Algiz (Y) in black on the white stone and in white on the black stones. Allow to dry.

Cast your magick circle, call the quarters, and do your altar devotion. Cleanse, consecrate, and empower the six stones and your picture for protection. Draw a pentacle in holy water on the back of your picture. Place your picture under the picture or statue of the Goddess.

Draw a large pentacle on the paper. Arrange the five black stones in a star pattern: one on top, one on each side, and one stone on each of the lower points. Put the white stone in the middle. Hold your hands over the stones and say:

*Your love, and your guidance.*

*Keep all harm from me*

*And let me walk in the circle*

*Of your light.*

*So mote it be!"*

Close your eyes and envision yourself surrounded by white light. This white light will stay with you wherever you go. Keep the white stone with you for your protection. Thank Spirit, close the quarters and release the circle. Leave the black stones where they lie.

### Earth Dragon Protection

Needed:

- White or purple candle
- Candle to represent the Dragon

Cast your magick circle and stir the Dragon of the Element of the North (Earth).

Light the Earth Dragon's candle and chant:

*"Earth Dragon strong and true,  
Send to me your magick new.  
Egg of protection we shall see,  
This is my will so mote it be."*

As you chant, envision energy moving from the Dragon candle to the white/purple candle. See the energy around it as a green light in the shape of an egg. When you feel this has been accomplished, light the white/purple candle from the dragon candle. See your magick happening, and know that you are protected. Snuff out your candle and put it in a safe place. Any time you need additional protection, light this magickally charged candle. Remember to snuff it out (don't blow it out) and store it in a safe place.

## **Favorite Pet Protection Spell**

### Needed:

- Venus water
- Your pet

On a full moon sit or recline with your pet outside under the moon, or indoors where you can see the moon. Take with your pet, and praise him/her. Tell your animal friend how much you care for them, most of us have little nicknames and words of endearment we say to our pets. As you do this, imagine a protective sphere of bright white light surrounding your pet. Next, take the Venus water, and anoint your pet with three drops, stroking the water into the animal's fur or skin. As you do this, merge with your pet, and say this protective blessing:

*"I call upon the Moon Goddess and Horned God,  
I call upon the starspun powers of Oneness,  
I call upon all of the living creatures of the earth  
By Earth, Air, Fire, and Water, by Divine will,  
I ask that you work this protective spell,  
Please guard (name) while sleeping and waking,  
And protect this animal from all negativity and harm.  
In all worlds, in all times! So be it! Blessed be!"*

Tell your pet how much you love them, and then let your pet go. Clap your hands three times.

Everyday to reinforce the protective energy of this spell, take a few minutes and imagine your pet being surrounded with a protective sphere of divine white light.

I also suggest using brown or blue dog collars for your pet, with a hematite ring and a tag of identification securely fastened to the collar.

And afterward throw sand over them when they rise up to swarm, and say:

*"I draw the pentacle on my hand*

*To be protected*

*From harm from anyone and all negative energies*

*With the pentacle on my hand  
I will be at full strength  
And full power  
So mote it be."*

Make sure you finish drawing the pentacle before you say the words "so mote it be". When the symbol fades away from your hand, so will the protection spell. So don't use an ink pen that smudges easily and don't try to not get sweaty hands.

---

### **Hex Breaking**

#### Needed:

- Black taper candle
- White wax
- Quilting pin
- Cauldron or metal pot
- Holy water

First you must dip the black candle in melted white wax nine times. This represents the hidden nature of your attacker's curse and shows that it cannot hide from you. Next carve the following along the base of the candle with a quilting pin. Each verse should form one of four lines that run from the base of the candle to the top of the candle. Be sure to write small enough so that all four verses will fit.

*Thy Will I See,*

ጌቶጌጌ ለሆሂሂ ሆ ያገገ

*And Spells I Bind.*

ሂከግ ያጃገሂሂጌ ሆ ዳሆከግ

*I Banish You*

ሆ ዳሂከሆጌቶ ጌጌጌላ

*And All Your Kind*

ሂከግ ሂሂሂ ጌጌጌላግ ግሆከግ ጌጌ

Then place the candle in a cauldron or other large metal container. Metal disburse energy which is why many practitioners will not use a metal knife as an athame

unless they are banishing some entity or force. Metal has the power to disrupt and scatter unwanted energy hanging over you in much the same way a lightning rod can drive the massive energy of a lightning bolt into the ground and spare an entire house from fiery ruin. Whatever kind of container you use whether it is a cast iron cauldron or a copper pot, make certain it is metal. Drip a small amount of the white wax onto the inside center of the metal container and quickly press the base of the candle into it so that it will remain there.

Pour just enough Holy Water in the container so that the level of the water is half as high as the height of the candle. Take special care not to wet the wick. Recite the following nine times:

*"Thy will I see and spells I bind.  
I banish you and all your kind."*

Light the candle and allow it to burn down until it is extinguished. It is especially important to allow this candle to burn all the way down without interruption. If you must stop the spell for any reason, you must begin again with a fresh candle. Discard the incomplete spell candle into running water, the same as you should with a completed spell candle, i.e. a candle that has been allowed to be extinguished by the water's touch to the lighted wick.

---

### **Hex-Breaking Wahoo Spell**

Needed:

- Infusion of Wahoo

Make an infusion of Wahoo (the bark) and dip your right index finger into the mixture. Trace a plus sign on the hexed person's forehead. Recite the following seven times as you do so:

Toadstool Tips  
Beyond the door  
Of vilest lips*

*Wahoo's curse  
The fates pursue  
Wahoo, Wahoo,  
Wahoo, Wahoo."*

Wahoo (*Euonymus atropurpurea*) is a toxic plant when taken internally, so do not consume. To do so could result in grave illness or death.

### **House Protection Mirror Spell**

Needed:

- 12 inch round mirror
- 9 white candles
- Protective incense
- White cord
- Censer
- Image of the Goddess

Compose an altar. Place a censer in the center before and image of the Goddess. Have a twelve-inch (or so) round mirror there as well. Ring the altar with nine white candles. Burn a protective incense (such as sandalwood, frankincense, copal or rosemary) in the censer.

Beginning with the candle most directly before the Goddess image, say these or similar, say these or similar words:

*"Lunar light protect me!"*

Repeat as you light each candle until all are glowing.

Now, holding the mirror, invoke the Goddess in Her lunar aspect with these or similar words:

*"Great Goddess of the Lunar Light  
and Mistress of the Seas;  
Great Goddess of the mystic night  
and of the mysteries;  
Within this place of candles bright  
And with your mirror nigh;  
Protect me with your awesome might  
While ill vibrations fly!"*

Standing before the altar, hold the mirror facing the candles so that it reflects their flames. Keeping the mirror toward the candles, move slowly, clockwise, around the altar, watching the reflected firelight bouncing off your surroundings.

Gradually increase your speed, mentally invoking the Goddess to protect you. Move faster and faster; watch the light shattering the air, cleansing it, burning away all negativity and all lines along which the ill energies have traveled into your home.

Charge your home with the protective light of the Goddess. Race around the candles until you've felt the atmosphere change, until you feel that your home has been cleansed and guarded by the Great Goddess.

When finished, stand once again before the image. Thank the Goddess in any words you wish. Pinch out the candles one by one, bind them together with white chord and store them in a safe place until (and if) you need to use them again for this same purpose.

### **Leave Me Alone Spell**

Needed:

- 2 image candles (1 for you and 1 for the person)
- A white candle
- Ribbon
- Knife or iron nail

If you don't have access to image candles, one in your favorite color for you and in their favorite color for him will do just fine.

Now, take the candle that represents you and with the tip of a knife or an iron nail (previously unused) inscribe your name. On the one to represent him/her, inscribe his/her name. On the white candle, inscribe as follows:

*"That which will make (his/her name) happier than he/she thinks that I will."*

Take the candles and place on the cookie sheet and tie the ribbon around each candle to connect all three. Then light the candles that represent the two of you, and let them burn for a few minutes. Light the white candle, and say these words:

*"You feel something drawing you away from me, and of me you wish to be free."*

Cut the ribbon between the candle that represents you and he/she, and leave the ribbon between his/her candle and the white candle connected, and take the candle

that represents you and march it further from his/her candle, saying these words:  
*"You feel something replace the need you have for me, and as I do will so mote it be!"*

Take your candle off the sheet entirely and let his/her candle and the white candle burn out. You can either put yours out or let it burn in a holder across the room, whatever makes you feel more comfortable. When both the other candles have burned out, if there is any candle wax left over, put it in a brown paper bag and wrapped with anything you might have that has some connection to the person you are sending away. If possible, bury it on their property, or simply dispose of the remains nearby them, but away from you.

### **Magick Mirror Spell**

#### Needed:

In ritual space, cleanse, consecrate, and empower the mirror for protection. Hang the mirror opposite your bedroom door.

---

### **Make a Protection Charm**

#### Needed:

- Large bowl
- 9 inch by 9 inch white cotton cloth
- 18 inch length of purple ribbon or yarn
- 1 ounce ground cumin
- 1 pound sea salt
- 9 bay leaves
- 9 pinches of St. John's Wort
- 9 pinches dried rosemary
- 9 whole cloves

Time: Waning moon preferably Sunday or Tuesday night

At dusk, just before it gets dark, mix the sea salt and ground cumin together in the large bowl, and take it outside. Begin at the end of your driveway (or the entryway to your home such as a stairwell or walkway). Face East, and then walk completely around your property in a clockwise pattern, sprinkling the herbal mixture in the bowl around the edges of your property, ending at the same point you began. Imagine a protective border of white light coming from the herbs. The salt and cumin keep unwanted energies from entering your property. The cumin can be irritating to your eyes, nose, lips, and so forth, so be careful.

Go back indoors and wash the herbs off your hands, and then mix the other herbs together, piling them in the center of the white cloth. Bring each corner of the cloth up to the center, one at a time, in a clockwise motion, beginning with the topmost (North) corner. When all of the corners are together, four folds will be sticking out. In a clockwise motion, bring the corners of these folds into the center as well. Use the purple ribbon or yarn to wrap around the neck of the cloth nine times, just above the herbs, holding them in place. Each time you wrap the ribbon around say:

*“Three and three and three is nine  
Each wrap makes this charm divine.  
Blessed be! So be it!”*

Then, knot each end of the ribbon nine times. With each knot you tie, say:

*“Three and three and three is nine  
Each knot makes this charm divine.  
Blessed be! So be it!”*

Lie back, and hold the charm in your hands. Close your eyes, and imagine a warm white light completely surrounding you like a brilliant white egg. See and sense this white light moving through your arms, hands, and into the charm bag. Feel the warmth, the safety, the protection of this bright white light. Imagine the charm bag radiating a brilliant light, and then merge completely with the light. Hold the charm in your hands as you sleep, or place it in your pillowcase for the night. I suggest that you empower the charm every week or so, making a new charm bag once a month, until you feel safe and protected from negative energies.

- Garlic
- Olive oil

To keep your cats free from fleas, soak garlic in olive oil and mix a tablespoon of the oil in with their food daily. (I would add that, while you soak the garlic and whenever you place it in the cat's dish, you might visualize the fleas jumping off the cat and never coming back.)

Along side the goblet, place a charm or talisman on a chain or cord and allow it to receive the sun as well (Note: you may want to use a piece of jewelry such as a gemstone pendant or stone you've found or any other natural object for the charm.) After fifteen minutes have passed, take the glass and talisman out of the sun and dip the talisman into the water. Using the chain or the string attached to the talisman, gently swirl it clockwise while you say the following three times:

*"Apollo's light surround me.*

*Poseidon's water protect me.*

*Athena's wisdom guide me."*

As you speak the words, imagine a beam of pure white light surrounding both the water and the talisman. Leave the water with the talisman in it for another ten minutes, then dry it off and wear it with comfort in knowing that it will protect you.

### **Protection Spell, a Simple Salt Ring**

Needed:

- Salt
- Water

Preparation:

Mix together one part salt to three parts water. The salt can be any variety, if you have an affinity to the ocean, use sea salt. Pure spring water is recommended, but tap water will do if that is all you have.

Ritual:

Circle the area to be protected splashing the salt-water as you go around. Do this three times. While doing each circle, repeat three times:

*"Thrice around and thrice repeat, all evil does this ring defeat."*

See the shield come up as you finish the last circle. It is done.

This spell should be done after the area to be protected has been cleansed and purified in some fashion.

---

### **Protective Chant**

Visualize a triple circle of purplish light around your body while chanting:

*"I am protected by your might,  
O gracious Goddess, day and night."*

Another of the same type: visualize a triple circle and chant:

evil sink into the ground."*

---

### **Psychic Vampire Protection**

Needed:

- 2 white candles
- Your favorite incense
- Sea salt in a cup or cauldron of boiling water
- Your favorite oil

Your altar should have on the upper right hand side a white candle representing the God and at the upper left side a white candle to represent the Goddess. In the middle there should be sea salt in a cup or a cauldron with boiling warm water, the incense should be at the very bottom facing towards you.

Take your oil and anoint each item on your altar. With the candles you want to start in the middle and rub up, and to go down start in the middle and rub down. While anointing say these words:

*"I ward off any and all negativity, in my home, work, school, and in my everyday life. No evil or negativity shall enter here."*

After you've anointed every item picture a white light around you when you feel like the white light is overpowering, picture it hovering over your home, work, school, when you feel ready say these words:

*"Psychic vampires who lurk in the night  
Psychic vampires who try to destroy my life  
Destroy no more of what I have achieved,  
Destroy no more of what I have received,  
Negativity is not welcome  
Evil as well is not welcome  
In me, around me, or around people I love."*

Say this out loud or to yourself but say it enough times so you feel it has worked. When you are done, picture the white light around you and your home, work, school, etc and let the white candles and incense burn until it goes out by itself.

---

### **Releasing Negative Beings**

Needed:

- Smudge stick
- Candle
- Lavender or other pleasant scents

Start by calling on your protector.

Once you feel its presence, say a simple prayer of protection, such as:

*"Creator, Great Spirit, Universal Energy, I call upon your love and your protection.*

*I call upon the beings of light and all those beings that help lost souls.*

*See this being that has lost its way home.*

*It believes it is of the dark; it has forgotten it is of the light.*

*Please surround it with your love and gently guide it back to the light so that it may heal.*

*Please surround this place and all within it with your love and protection. I give*

*thanks.*”

Light the candle and smudge stick.

Thoroughly smudge the area and yourself and allow the smoke to clear the area of any negativity.

Then stand in the center of the room and declare that only beings of light are allowed in your aura or dwelling place. Call upon beings of light to protect you and your location.

Demand that all lower energy forces leave now and return to the light.

Declare that this place is only for those who live in love and light.

See yourself and the room filled with and surrounded by bright white light.

Know you are safe and protected. Sprinkle lavender around the room.

Make sure you protect yourself for a few days after you release the beings.

One way to do this is to visualize your energy field and see it filled with white light.

Mentally seal it with white light and see flecks of green and pink light floating around your body. Do this several times a day for the next few days.

You tend to be more open to negative beings once one has been removed, and this process will help seal up your energy field.

If you again feel a negative presence, repeat the ceremony.

The easiest thing to do is make sure you don't attract one in the first place.

If you remember to call upon your protector and keep yourself surrounded by white light, they can't get near you.

---

### **Repelling Jealous Energy**

#### **Needed:**

- Short ½ inch black spell candle
- Short ½ inch white spell candle
- Mirror

- Incense
- Patchouli oil
- Frankincense oil
- Myrrh oil
- Black cloth
- Pen and paper (optional)

Carve the following along the base of the white candle or write it on a piece of paper and place it underneath the candle:

ሂጢላጊ ሂሆሆቶጌ ሂጢላጊ

Carve the following along the base of the black candle or write it on a piece of paper and place it underneath the candle:

ሆጢላጊ ሂሆሆቶጌ ቀሂሆሆሆቶጊ

Anoint the black with patchouli oil and the white with an equal mixture of frankincense and myrrh oils.

Place an all black cloth over the back of a mirror (on the side that does not reflect-- this is your absorption side). Position the black candle in front of the mirror (the reflective side) and the white candle behind it so that the black candle energy is reflected and the white candle energy is absorbed.

Position yourself so that you are sitting neither in front of nor behind the mirror. You should be sitting beside it so that the side of the mirror is in front of you. One candle should be on your right while the other is on your left. Do not allow yourself to be reflected in the glass (or interfere with either of the candles' absorptive or reflective energy processes).

Clear your mind and light some sandalwood incense. Recite the following:

*"Currents rise and be made manifest."*

Clearly envision the current of energy you perceive to be surrounding you. If you believe there is more negative energy than positive, imagine black smoke churning and encircling you.

Light the black candle first and recite the following:

*"This is darkness: focused and magnified."*

Recite the following five times and allow the candles to burn down:

## *"Mandatum"*

Until they both burn out, do not allow your image to pass directly in front of or behind the mirror. It helps to place the side of the mirror directly in front of a door so that you can enter and leave if you need to without disturbing the spell until it is complete.

Remember to monitor the candles carefully until they have burned out so that they do not cause a fire. Meditating and envisioning the clearing of the black light and the flowing inward of the clean light will help this spell manifest. Music also helps to create the proper mindset for this spell and prevents the inevitable "will-these-candles-ever-burn-down" syndrome.

### **Safe Date Spell**

#### Needed:

- Empty paper towel tube
- White paint
- Red paint
- Paint brushes
- 3 rubber bands
- Incense
- Bell
- Scented oil or perfume
- Paper and pen

Completely paint the outside of the paper towel tube with the white paint and allow to dry. Encircle the top and bottom with painted red hearts and allow to dry. In a magick circle, consecrate and empower the "safe date tube", asking in your own words that your dating experience be fun and safe. Write on the paper exactly what you desire to occur on the date. Don't get caught up in a complete itinerary or demand that others act in a certain way. Blow on the paper, then seal with a star drawn with your finger in oil. Roll the paper and place in the tube. Wrap the three rubber bands around the tube, repeating:

*"For health, for safety, for joy."*

Then, when the last rubber band is in place, say:

*"So mote it be."*

Carry the tube to the four quarters, asking for the blessings of the elements on the upcoming date. Ring the bell at the quarter over the tube. Return to the center of the circle, thank deity, close the circle and place the tube in a safe place. After the date, de-magick the tube by removing the rubber bands, saying:

*"I thank the universe for the gifts given to me and release this conjured energy."*

Remove the paper and burn. You can use the tube again for the next date.

- "Personality" candle, appropriate to the recipient of the spell
- Sandalwood incense

Altar should be arranged as below:

(white candle) (1)	(Personality candle) (3)	(purple candle) (4)

*Send your protective light around (name)*

*That they may be protected*

*As they travel and as they dream.*

You can either let the candles burn out by themselves, or snuff them in reverse order and let them burn a little each night if the person will be on an extended trip. On the last night let them burn down on their own. **Never** blow our or pinch out the candles. This destroys the luck.

## **Shatter the Shadow Spell**

### Needed:

- Handful of small pebbles
- White candle
- Incense
- Salt
- Picture or name of bully
- Black pouch or bag
- Black plate, cloth or construction paper
- Pen and paper

Choose what type of person you'd like to become in this situation. Write down the quality you'd like to possess. On the full moon or dark of the moon, cast a magick circle, call the quarters, and cleanse and consecrate the four elements with the incense, salt, holy water, and candle flame. Hold your hands over the stones, take a deep breath and relax. Begin by saying seven times, while envisioning the stones being filled with light, the following:

*"One magick*

*One power*

*One Spirit*

*One might*

*Shatter the darkness*

*Bring only the light."*

Take another deep breath and relax. Hold the stones in your hands, and say the quality you would like to possess in this situation, then say the word out loud three times. Follow this by chanting the words "I am" until you feel lighter, happier. At the end of the last time, blow on the stones, saying:

*"One magick*

*One power*

*One Spirit*

*One might*

*Shatter the darkness*

*Bring only the light*

*As I will, so mote it be.*

*This spell is sealed."*

Draw an equal-armed over the stones. Set the picture of the person on the black plate, cloth, or construction paper. Repeat the above incantation every time you drop one of the small pebbles on top of the picture. Finish by saying:

*"You are burdened with your own negativity. You can no longer move against me."*

When you know you will see the person again, take three stones from the top of the pile and place them in the black bag or pouch. Drop them on the shadow of the individual. If you will not see the person, don't worry, after seven days, bundle the stones on top of the picture in a black cloth. Bury the picture, stones, and cloth off your property.

### **Simple Protection Spell**

Chant thrice:

*"Thrice around the circle bound, Evil sink into the ground."*

---

### **Simple Spell to Banish Negative Energy**

Needed:

- Herbs to help purify/protect/banish: Dragons blood, Bay Laurel, Sage, and Benzoin are some suggestions.
- Blue Candle
- Cleansed needle, quartz with sharp point, or bolline (used for writing in candle)
- Square paper (represents control over situation)
- Cauldron or fire proof bowl (optional)
- Black ink pen

Gather your herbs and have them either scattered around or burning in cauldron or fire proof bowl. If no herbs find appropriate incense. Take the blue candle and carve into with instrument of choice a symbol of what you are wanting or write it if you will. Example would be a peace sign, happy face or you could write *No more negative* use what feels right to you.

On the paper write:

*"I will you away*

*I banish you dark energy*

*I need you not this day*

*I ask the Gods to take this negativity from me*

*Peace of mine and spirit is what I pray"*

You may want to say this out loud. I usually say it three times. While you are saying it light the candle. Then light the piece of paper (be sure to put down before it burns you) while it burns focus and visualize the fire sending its energy to you and consuming the negative vibes. See the darkness fading and feel the warmth of the flame. See yourself happy and care free. Let the candle burn out. Meditate with this image as long as you are able to. Give thanks to the Gods.

Hold the stick in your hand and, using your magickal voice, intone the names of god/dess (*yod, he, vau, he* and *he yod he*). Begin softly and slowly raise the energy and the volume level of your voice. When you feel that the stick has been blessed, say:

*"Ho!"*

Seal the magick by pressing the stick first to your forehead, then heart, over your left shoulder, followed by your right. Say:

*"As I will, protection be."*

Carry the stick with you or give to a friend.

Tape the object belonging to the person on the back of the picture. Wrap the picture in the black construction paper and tape, saying:

*"Nothing can harm you. All negativity will leave you. You will find the help you need in the strength of the Mother and those She brings to your aid."*

Lay the tissue out flat and place the black packet on it. Conjure the rosemary for love and protection and sprinkle over the packet. Place the holy object on top. Tie the corners of the tissue or napkin together (or tape them if you think the ply is too weak). Hold your hands over the bundle, and say:

*"Greatest Mother up above, send Your aid to the one I love. Please make peace in his/her perception and banish his/her doubt. Don't let her/him give away their power and help him/her to discover the simple pleasures in life. Remove his/her fear and pain. Make the way clear for his/her healing and recovery and let him/her recognize help when it comes, no matter the will or the way. I know You will do this for me. As I will, so shall it be done!"*

Clip the bundle to a wire hanger, then hang in a safe place where it will not be disturbed until the crisis is over and healing is complete. Every week, take the hanger out and repeat the prayer. That way you will be sending continuous healing energy to your friend or family member.

**Note:** This spell cannot replace outside help or assistance, and the choice to accept the healing energy is ultimately theirs.

### **Spell for Protecting Your Town or Area of the City**

#### Needed:

- Mortar and pestle
- 3 protective herbs of your choice
- Salt
- Local map that shows the boundaries of your town or city
- Glue
- 2 foot long black cord
- Small piece of paper
- Black marker
- Clean notebook with black cover
- White candle
- Black candle
- Pen/pencil
- Piece of paper

Make a sigil on a piece of paper using the following words:

*Protection for (name of the town) and all who reside therein*

Inscribe the sigil on the place and white candles. Grind the salt and herbs together with mortar and pestle, empowering them using an herbal charm. Lay the map out on your altar. Draw the protective sigil you made directly onto the center of the map.

Empower the map, asking for protection and harmony for all who reside within the town. Trace the outline of the border with the glue and sprinkle the glue with the protective mixture. Light the candles using your favorite magickal chant. Place the candles on either side of the map and allow it to dry. When completely dry, place the map inside the notebook. Put the sigil you drew on the separate piece of paper inside the front cover. Tie the notebook shut with the black cord and put it in a safe place. Do not remove until the conflict is over.

---

### **Spell for Protection**

Needed:

- 1 pinch cloves powder
- 1 pinch fennel seed
- 1 pinch devil's claw
- 1 pinch sage leaf

A pinch equals 1/8 teaspoon or whatever you can pinch with your index finger and thumb. Mix together and burn for cleansing and protection from negative energy and to protect you from evil spells. You can take this one from room to room in your home and let the smoke drift through the room cleansing the energy and bringing in protection. Be sure to open some windows to ventilate the room.

---

### **Spell for Protection Against Any Evil**

Needed:

- Staff/wand
- Silver or blue shiny glitter
- Ribbon

You will need your staff (or wand) for this spell. It is best if the staff is blue, white or silver-- the easiest way to achieve this is to bind a ribbon, or ribbons, of the color around it for the spell. This means you can remove them afterwards. It is best to go outside for this spell, as the air movement will help disperse the glitter, and the magick.

Cast a circle, or create a sacred space.

Go to each quarter in turn (start with the West, then North, East and South), and pound or tap the ground with your staff/wand chanting:

*"I call thee, you who guard the watchtowers of the (direction) to guide me through the darkness, and ensure my safety."*

Do this for all four quarters.

Stand in the center and say:

*“In the shadows, evils hide,  
Ready to draw me from love’s side,  
But with your help I shall be strong  
And banish all that do me wrong  
Send them away, send them astray  
Never again to pass my way,  
So mot it be!”*

As you say the last three lines, scatter the glitter in a circle around you.

Close the circle, and have something to eat to restore your energies!

### **Spell of the Witch's Ring**

#### Needed:

- Ring
- Salt
- Incense
- Candle
- Water
- Personal cologne
- Burning dish
- Moon oil
- 4 bowls
- Red votive candle
- Red cloth or tissue paper

This is a simple spell designed to charge a ring that will serve as protection. The preparation of the Witch’s ring should begin two days before the first night of the Full Moon. Midnight is best but nine in the evening will do if necessary. The spell calls for a ring with a stone setting. Consult a table of occult correspondences for a stone that you wish to form an alignment with. Once you have the ring you desire to use, then perform the following ritual. Consecrate the ring to the four elements. To do this, simply prepare four bowls. Pour salt into one bowl, and place smoking incense in another. In the third bowl set a lighted red votive candle. Pour clean water into the last bowl. Then touch the ring to each bowl saying:

“I consecrate thee by earth <sup>(salt)</sup>, air <sup>(incense)</sup>, fire <sup>(votive candle)</sup>, and water <sup>(water bowl)</sup>.”

Pour a small amount of personal cologne in your burning dish. Light the fluid. Hold the ring over the flame, turning it, and chanting:

*“I dedicate and consecrate this ring with a stone of (stone) and metal of (metal) to be  
a  
ring of Witchery unto me with the powers of the Goddess three, the Lady of all*

*Witchery,  
and as my word so mote it be.”*

Place an incense of the Moon in a bowl and light it. Set a bottle of Moon oil nearby. Hold the ring over the incense, passing it through the smoke three times. Then anoint the ring with the oil. Wrap the ring in a red cloth or tissue paper and leave it for three nights in a place where the Moon will shine on it each night, at the same hour (at least one hour after sundown on an odd-numbered hour.) Chant the following over the ring (still in the red wrapping):

*“Any and all who perfect an image of me, with my likeness or as a crude consecrated image to be me, to do me bodily harm or to injure me spiritually and try to take my breath away, to cause me to dwindle or pine, pine away to nothing, to wish evil up on me, to badger me with their anger or bad thoughts, by picture, image, or name, the ring of my Lady protect me, metal and stone, flesh and bone, safe forever in you powers, free from evil, fear, or despair, on the sender of the evil will rebound by the law of the Lady thrice crowned, hearken all unto me, as I speak, so mote it be.”*

Wear the ring whenever you are in a ritual setting, or whenever you feel the need for protection. On the night of each Full Moon thereafter, anoint the ring again by rubbing a drop of oil on the stone. Then raise the ring upward toward the Moon and ask for blessings in the name of the Goddess.

### **Spell to Banish Negative Energy from a House**

Needed:

- 4 black candles
- 4 pieces of onyx, lodestone or magnetized iron
- Incense

Take four black candles and put them at each of the cardinal points of your home. Next to each candle put a piece of onyx, lodestone or magnetized iron. Light the four candles and see them sucking up all the negative energy in the house and channeling it back into the earth through the stones.

Next take a stick of incense (frankincense or sandalwood is best) and draw a banishing pentagram of Earth at each window, wall, door and corner of your house. (To draw a banishing pentagram of Earth: start at the lower left then up to the top then down to the right, across to the upper left point and back to the upper right point and finish at the lower left point.) Visualize the negative energy being pushed

beyond the pentagram and locked outside as you complete it.

After the candles have burned a bit and you feel that they have absorbed the negative energies bury them outside around the house (in the four directions). Leave the stones where they are, and visualize them as a spiritual electric fence that keeps the negative energy or pesky spirits from coming back in.

---

### **Spell to Protect the Home from Intruders**

#### Needed:

- Broomstick

Place your broomstick across the doorway at night to prevent intruders from entering your home.

---

### **Spell to Protect Your Vehicle**

#### Needed:

- Spring water
- Sea salt/rock salt

Take the Spring water and with your finger draw a pentacle on the following:

- All windows

If no be right, set off alarm  
Transport us safely from here to there  
let no weather be no care  
my car turns right  
my car turns left  
keep if free from harm and theft  
Circle of protection gather round  
When danger comes hunting  
we can't be found.”*

Then sprinkle the sea salt/rock salt clockwise direction around the car and try to keep an unbroken line and say:

*"This spell is seal  
this spell is locked  
all negative energy is completely blocked."*

---

### **Spell to Remove the Enemy and Promote Harmony**

#### **Needed:**

- Piece of braided rope
- 7 black feathers
- 7 white feathers
- Stone at least 2 inches wide
- Small plastic toy of a person or a poppet

Lay out all your supplies on the altar. Connect the poppet to the negative energy emitted by the enemy. Untie one of the ends of the braid and separate the strands of the rope. Begin tying first a black feather into the rope, followed by a white feather. As you tie all the feathers, use your favorite chant to build power. Tie the poppet into the strands last. Weight the worry by tying the stone into the rope. Take the work to a flowing stream, river, lake, or the ocean and throw it into the water with as much strength as you can, saying:

*"O gracious lady, bring to me  
Peace and acts of harmony.  
Banish evil -- make it flee  
As I will, so mote it be!"*

---

### **Spell to Trap an Evil Spirit**

#### **Needed:**

- Salt water
- 1 part sea salt
- 8 parts spring water
- 1 dried rose
- 13 rose thorns
- 1 small glass jar with a tight fitting lid

Put the rose thorns into the jar one at a time and as you do this and drop one in, chant the following words each time:

*"Thou Demon presence. Be no more!"*

Crush up the thorns in the jar and then crush up the rose petals and add them to the jar, slowly add the salt water. Keep the jar open overnight.

The next morning before the sunrise close the lid. All the evil should now be trapped inside the jar.

Cover the jar with a cloth and bury it far away from the house in a place that has no buildings nearby.

---

### **The Banishing Spell**

#### Needed:

- Your favorite herbs
- Athame
- Salt
- Pentacle
- White sage or frankincense

Begin with a ritual bath with the strong intention of cleansing away unwanted energy. (Remember that the energy you put into forming your intention will have a significant influence on the outcome of your actions. If you prepare the bath with nothing more than physical cleansing in mind, then you will most likely achieve just that and nothing more.) Draw the bath, add an infusion of your favorite herbs, and let it steep a while.

Go to your altar and use your athame to place three heaps of salt upon the pentacle.

Consecrate the salt and cast it into the bathwater, envisioning all of the energy you have imbued into the salt dissolving into the water and surrounding you.

As you bathe in the purified waters, allow your mind to transcend all undesirable influences, allow your spirit to rise up. Send your energy to the feet of the great Goddess, to a place far beyond the reach of any harm, real or imagined.

After this meditation, dry and dress yourself (if you wish to) and enter your temple space.

Burn white sage or frankincense to clear the room, and take up your athame.

Point the blade directly in front of you and slowly turn clockwise around the circle. As you turn, clearly envision a line of fire emanating from the tip of the blade and surrounding the border of the circle. As you pass each direction, firmly speak the following charge:

*"As the archangel Gabriel stands before me  
Undesired guest, unwanted presence, I banish thee!  
May the gale force winds of the frozen North  
Tear thee from me and cast ye forth  
May the mighty earth with all her power  
Assist me in this needful hour*

*So that once thou art from me swept away  
Encased in stone forever thou will stay  
And by the law of three times three  
For the good of all I banish thee  
This charm never rebound on me  
As I do will, so must it be!  
As the archangel Raphael stands behind me  
Undesired one, unwanted guest, I banish thee  
As sure as the moon doth wax and wane  
Thou art swept away by the fire's flame  
Unto me thou will never return  
Nor unto another, for truly ye will burn  
Until only a harmless ash remains  
To be washed away by a cleansing rain  
For good of all this charge I lay  
A day turns to night and night turns to day  
I banish thee by three times three  
As I do will, so must it be!  
As the archangel Michael stands to my right  
I banish thee with all my might  
Unwanted one from me be gone  
And be consumed in the fires of dawn  
May the turbulent winds of the sirocco rise  
And sweep your sight far from my eyes  
The wind from the east may never cease  
To keep thee away and never release thee  
Bound that ye may do no harm  
I banish thee by sacred charm.  
The archangel Uriel guards me from the left side  
Thou will find no shelter, no place to hide  
The force of the oceans will pull thee away  
On the floor of the ocean shall ye ever stay  
The tides will draw thee into the deep  
Never to wake and never to sleep  
But dissolve into the great abyss  
By strength of the charm, I promise this  
To cast you into the deepest sea  
For the good of all I banish thee  
This charm never to rebound on me  
As I do will, so must it be!"*

## **The Bully Frog Banish Spell**

### **Needed:**

- Plastic frog
- Piece of paper with the bully's name on it
- Rubber band
- Box that the frog will fit in

Cast your magick circle, call the quarters, and do your altar devotion. Cleanse and consecrate all supplies in the name of banishment. Hold the frog in your hands and say:

*"I link this frog to (bully's name)."*

Close your eyes and see the bully in your mind. Now open your eyes and superimpose the bully's face over that of the frog. Take the piece of paper with the bully's name on it and rubber band the paper to the frog. Put the frog in the box, close the lid and say:

*"(Person's name), I forever banish you from my life.*

*With harm to none.*

*May this spell not reverse or place upon me any curse.*

*May all astrological correspondences be correct for this working.*

*So mote it be!"*

Bury the box outside as you repeat:

*"Away, away, I banish thee, away!"*

---

## **The Protection Spell**

Cast a circle, call in the elements, and invite the Goddess and God to witness your work as you ask for their protection.

State the following:

*"Hear thou me, Triple Goddess, Sacred Maiden, Blessed Mother, Crone of Wisdom, Creatrix of all things, and thy blessed Consort, the Sun King, who rides his fiery chariot across the sky. Be thou a shield for my soul, my life, and my body; inside as well as outside, for seeing and hearing, tasting, smelling, and feeling, for flesh and for blood, veins, and sinews, cartilage and bone, bowls, and all my body's movements and connections. Indeed for thy name's sake may all my joints and limbs receive life and spirit, to move, and be strengthened, and become whole. Protect me, Lord and Lady, on the right and left sides, forward and backward, above and below, from the inside and outside, when I bow down, and when I rise up. In hard weather, in waters great and small, in the sea in high waves and in confusing darkness; when I am walking, standing, sitting, in sleep and while awake, in silence and while talking, and in all of my body's workings. Protect me from deadly dangers that threaten from land, from the water and sea, from all beasts and creatures of the ocean, birds and beasts that go*

*on four feet and all creeping beasts. Protect me, Lord and Lady, from all evil, from fire and claps of thunder, from snow and hail, from rain and wind, from earthquakes and all kinds of movement in the earth; from poison, from all glances from envious eyes, from evil words and works, and dangerous situations. Protect me from all the hostility of the enemy who wants to withhold all good things, here before death, and in death, and in the other world after death. Thou Goddess and God who live in perfect balance through all the ages, so mote it be."*

Meditate in perfect silence for a while. Reflect on the words of power you have spoken. Feel the transformative powers begin to take effect. Notice how utterly specific the verse is.

Observe the subtle changes in your perception, how different you feel now that you have treated yourself as a sacred being. Bask in the presence of the divine reality and thank the Goddess and the God for their presence at your ritual. You may substitute the names of goddesses and gods with whose energy you feel the need to work for the honorific titles used in the verse given above.

When you feel that you have allowed enough time for the spell to take effect, it is time to release the deities invoked and to release the elements as well. It is important that the spirits be released with as much eloquence and reverence as when you called them in.

### **Three Leaves Bottle Spell**

#### Needed:

- 3 oak leaves
- 3 willow leaves
- 3 maple leaves
- Patchouli oil
- Small glass bottle with cork
- Wax

Gather three leaves from each of the following plants: an oak tree, a willow tree and a maple tree. Drip three drops of patchouli oil on the pile and recite the following:

*"Three green leaves*

*From Nature's fold*

*Two bright and young*

*And one of old.*

*Bind the strength*

*Of earthen gnome*

*Within the bounds*

*Of this my home."*

Put the leaves into a small bottle with a wax sealed cork and place it at the head of your bed or at least within three feet of your head for protection against nightmares and hostile sendings.

---

### **Three Times Three Spell**

Needed:

- Something of the person

This is a three times three spell to use on people who were corrupt in their ways. It has no negative consequence unless you think ill of the person while casting the spell.

*"Wind in the north, run through the trees  
Three times three, let them see, let them see  
Sands of the east, rich soils beneath  
Three times three, set them free, set them free  
Fires in the south, awaken from sleep  
Three times three, let them see, let them see  
Water of the west, flow to the seas  
Three times three, set them free, set them free."*

It works best if you have something representing that person, like a strand of their hair or a fingernail. The spell may not work instantaneously, you may have to repeat it for the person to see error in their ways. Please be sure you're not being hypocritical, because that may cause negative feedback. So, all warnings given, blessed be!

---

### **Thunderstone for Home Protection**

Needed:

- 1 round, smooth stone that fits in your palm
- Several small pieces of mirror
- Glue

On the night of a full moon, cleanse, consecrate, and empower the stone, mirrors, and glue, asking for divine protection. You can petition the Lord and Lady, the angels, or the animal spirit of your choice. As you glue the mirrors on the top surface of the stone, intone the following chant:

*"To guard, to protect, to ward off evil  
Keep my world safe from awful upheaval  
Thunder to shatter and lightning to blast  
So mote it be, this magick is cast."*

Repeat the chant seven times, then blow on the stone, saying:

*"As above, so below, this magick is sealed."*

Empower again in thirty days. For extra power, infuse during a thunderstorm.

---

### **Tie His/Her Tongue Spell**

#### Needed:

- Piece of red felt
- Black embroidery thread
- Black marker
- Empty jelly jar with a lid
- Scissors

In sacred space, cleanse, consecrate, and empower all items for protection. Make a big tongue out of the felt and cut it out. Write the person who spread the rumors and gossip about you on the tongue with the black marker. If you don't know who the culprit might be, then write: *Whoever is spreading gossip*. Take the embroidery thread and sew along your lines of writing. With each stitch, say:

*"I tie your tongue, you nasty one,  
So you can harm no more."*

When you've finished, cut the thread and say:

*"I push your evil away from me.  
Whatever you sent to me, goes back to thee."*

Tie the tongue into a big knot and say:

*"Guardian angel, please protect me from this person's gossip.  
Send back their negative energy."*

Put the tongue in the jar, seal it, and say:

*"I confine your evil to yourself.  
May Spirit help you deal with your own low self-esteem."*

Keep the jar in a safe place. If the person ever bothers you again, open the jar and do the spell a second time.

---

### **To Banish an Unwanted Entity**

#### Needed:

- Salt or incense

Speak directly to the entity, or in the room most affected, saying:

*"It is time to leave here; all is well. There is nothing here for you now, You must be gone."*

*Go now, go -- complete your passing, Go, and with our blessing fare well. Farewell."*

Remove everything of the previous occupant -- writing and photos in particular.

- Pen/pencil
- Paper
- Mortar and pestle
- Salt

- Red pepper
- Glue

Write the person's name who is giving you problems in big letters on a large piece of paper. With the mortar and pestle, mix salt, black pepper and red pepper together.

Trace the letters on the paper with glue, and while it's still wet, sprinkle the glue with the banishing mixture. As the glue dries, repeat the following chant:

*"Goddess made thee man/woman and dog, nose to the ground and let me be, run -- not walk -- away from me."*

When completely dry, burn the paper and place the ashes near the person who is bothering you.

---

### **To Decrease the Number of People Around You**

Needed:

- Pinch of sugar
- White silk poppet
- Citronella oil
- Black pepper

On any night of the waning moon, lightly anoint a white silk poppet with citronella oil and place it inside a triangle (with one point directed upward).

Next, sprinkle the doll and the area around it with a small amount of black pepper.

Recite the following five times and blow the grains away with one breath:

*"Peasants, be gone!"*

Sprinkle the doll with a small pinch of sugar (nature hates a void and if you don't fill it, she will do it for you without consideration to what you want).

Those difficult individuals around you will move away from you. Those remaining around you will be sweet.

---

### **To Keep from Being Intimidated**

#### Needed:

- Wood
- Something to carve with
- Dragon's blood oil

Carve the following symbol into a piece of wood and anoint it with Dragon's Blood Oil.

Place it in the sun for eight days during the waxing phase of the moon. On the eighth day recite the following:

*"No words, No wills, No hands may break my spirit."*

Carry the totem with you always. Should you ever feel yourself becoming intimidated, rub the wood with the index finger of your left (receptive) hand and recite the following under your breath:

*"No words, No wills, No hands"*

---

### **To Make a Purification Broom**

#### Needed:

- Straight branch (12-18 inches long, ½ inch diameter)
- Scissors
- Raffia
- Salt water
- Cedar/fennel/lavender/rosemary/broom

From time to time it is necessary to purify our home because of sickness, conflict in the home, etc. Many witches also like to purify the home in the spring, and Ostara, the upcoming Spring Equinox, is a traditional time to make our brooms and use them. I like to make short brooms for this ritual because they're easier to use, but you may make a longer one if you like.

Assemble your tools and materials and create a sacred space to work in. Charge the branch and plant materials by taking each in turn in your hands and sending

purifying energies into them. Visualize a white cleansing light emanating from your hands and being absorbed by the branch and plants. Take the raffia and tie three circles on one end of the branch while you say:

*"I bind you in purification."*

Now take several stalks of the plant materials, leafy ends down, and place them around the end of the branch with the three loops of raffia (to form a round broom shape). Visualize the white light, and tie three loops around the branch and plants. Place another layer of plant material around the branch, tie three more loops while you visualize. Do this until your broom is as full as you want. Tie the end of the raffia three times around the branch and plants, pull the end through some of the loops and tie three knots. Snip off the excess raffia. Thank the branch and plant materials for their sacrifice.

Sprinkle some of the salt water on the broom sweeps and visualize all negative forces melting away. Now walk to your door, open it and vigorously sweep close to the floor (you don't actually have to sweep the floor). Visualize all negativity being swept out the door. Now moving clockwise around the house, sweep each door and window and at the upper and lower corners of each room. When you've made your way back to the door, open it again, sweep out, then shake your broom vigorously three times to shake away anything that stuck to it.

Leave it outside your door, do not bring it in again. At your first opportunity, take it apart and bury all the materials.

---

### **To Make Someone Leave You Alone**

#### Needed:

- Piece of paper
- Pen
- Air-tight container
- Water
- Herbs
- Black string

This is a variation on a popular spell used to stop someone from harming or bothering you. This must be performed during a waning moon.

On a piece of parchment or recycled paper, write the name and birth date of the person you are wishing "away".

Now fill an air-tight container (like a baby food jar or Tupperware container) with water. Add a pinch of one or more of these magical herbs: ash tree leaves, clover,

lovage, lilac, garlic clove. Take the paper with the name on it and fold it three times. Tie a black string or thread around it and drop it in the water. Seal the container up and bury it in a safe spot in your garden, yard or flower box. Once the person has left you alone or no longer poses a problem to you, open the container and empty it to the earth. Keep the container instead of leaving it to Mother Earth.

---

### **To Protect a Pet**

#### Needed:

- Chain collar
- Black ribbon
- Patchouli oil
- White silk
- Tiger's eye
- Lapis lazuli
- Obsidian
- Moonstone

Acquire a chain collar for your pet. Anoint a black ribbon (lightly) with patchouli oil and weave it between the links of the chain collar.

Place the collar in a white silk cloth with a piece each of: tiger's eye, lapis lazuli, obsidian and moonstone for seven days and seven nights.

At the end of the seventh night (the eighth morning) remove the collar from the silk cloth and place it around your pet's neck while whispering the following in its ear:  
*"No twisted webs of baneful weave."*

---

### **To Protect an Object**

#### Needed:

- Object to be Protected

With the first and middle fingers, trace a pentagram over the object to be protected. Visualize electric blue or purple flame streaming from your fingers to form the pentagram. Say this as you trace:

*"With this pentagram I lay  
Protection here both night and day.  
And the one who should not touch  
Let his fingers burn and twitch  
I now invoke the law of three:  
This is my will, so mote it be!"*

---

### **To Protect from Theft**

Needed:

- Mortar and pestle
- 1 part heather
- 1 part basil
- 1 part angelica
- 2 parts garlic
- Gray taper candle
- Dragon's blood oil

Combine the heather, basil, angelica and garlic in your mortar and pestle.

Spread the combined mixture on an altar facing the east and draw the following symbol with the index finger of your right (projective) hand.

Place the gray taper candle anointed with Dragon's Blood Oil in the center of the symbol and recite the following:

*"Let nothing treasured fall from my hands."*

---

**To Protect Possessions**

Needed:

- Item you wish to protect

Walk eleven times around the object you wish to protect and say each time:

*"Protected from Harm*

*Who breaks this charm*

*Will fall away*

*Then disappear to Nothingness"*

---

**To Protect Your House From Prowlers**

Needed:

- Salt

Sprinkle salt throughout the house while repeating the following incantation:

*"As this salt I sprinkle about*

*To keep the evil spirits out*

*Let no danger enter in*

*Any opening herein*

*I now invoke the law of three*

*This is my will,*

*So mote it be!"*

Visualize the salt creating a blanket of protective, glowing energy around your home. It is done.

---

### **To Remove Evil or Negative Spirits**

Needed:

- 2 pinches of myrrh gum powder
- 1 pinch of rue
- 1 pinch sandalwood powder
- Black candle
- Charcoal

Burn half of this mix on charcoal and sprinkle the remaining mixture around the home or in the room where you feel the energy is strongest. Use a black candle with this one. Repeat as necessary, sometimes it may take more than once to remove a stubborn energy or spirit.

---

### **To Reverse a Hex**

*"Spell, spell, spell be gone!*

*Back to which ye belong.*

*Back to the caster*

*Take your disaster"*

Or

*"Thinking of me*

*But just the same*

*Return this spell*

*From whence it came*

*Upon my safety, I do hold*

*Send the damage, return threefold!"*

---

### **To Safeguard the Cook and Kitchen**

Aloe has long been considered a magical/medicinal plant. Grow one in your kitchen, or as near your kitchen as you can, to safeguard you from nasty kitchen accidents such as cuts and burns. Dab some aloe gel on your major kitchen appliances, tools, doors and windows to safeguard them as well.

Garlic is well known for its protective qualities. Place a bulb of garlic on your kitchen window, or hang a rope of garlic in your kitchen. Do not ever use these for food --

remember, they are there collecting negative energy. Periodically, remove the garlic and bury in the earth. Remember to thank the garlic and the earth for their service to you.

A Kitchen Witch Bottle will protect your food from contamination or burning.

There are many ways of constructing these, but I like to put three needles, three pins and three iron nails into a jar filled with salt. Seal it tightly and shake it vigorously nine times. Place three dabs of red wax along the seal. While you're constructing your Kitchen Witch Bottle, visualize your kitchen as a peaceful, safe place, full of delicious aromas, and savory food. Place your Kitchen Witch Bottle on a top shelf of your cupboard where it will not be disturbed.
